

Charter Review Board Comment / Question

FIRST NAME: neil

LAST NAME: cosentino

ORGANIZATION: Camelot Florida a Think Tank

QUESTION / COMMENT

2. Request that the Charter Review Board ask seating commissioners and others to weight in on adding a provision that the duties of a commissioner and their staff change. That their present work attendance and schedule be a full time position.

Rationale, there is much to do - to consolidate and streamline government, that they should like others put in a full work week. Or fully account for every eight hour work day. As a candidate for county-wide commissioner - that is my pledge, a full day of work for a full day of pay.
