## **WHAT IS THE "COMPUTERS FOR KIDS" PROGRAM?**

"Computers for Kids" is a program where donated computers are used in computer labs located at recreation centers throughout the county. They are available for use during after-school and summer programs.

### **HOW ARE THE LABS USED?**

Children ages 6 through 17 use installed software to learn and expand their computer knowledge. Teens can use the labs in the evening for homework.

### **HOW CAN I HELP WITH A DONATION?**

Call Nelson Medina at the Hillsborough County Parks, Recreation and Conservation Department "Computer for Kids" program at (813) 635-3532 for more information or E-mail:

Medinan@hillsboroughcounty.org

### **WHAT TYPE OF COMPUTERS CAN BE DONATED?**

The "Computers for Kids" program accepts **working** desktops, laptops computers with a P4 minimum processor or equivalent, and any working LCD monitors. All of the equipment will be tested and evaluated by the Parks, Recreation and Conservation Information Technology staff to ensure the equipment meets the needs of the program. All hard drives will be erased before being placed into service.

### **ARE THERE OTHER WAYS TO CONTRIBUTE TO THE PROGRAM?**

Companies or persons who do not have desktops, laptops, monitors, or software to donate but are interested in supporting the program can make a monetary donation to Friends of the County Parks, a not-for-profit, 501©(3) organization. The Friends of the County Parks promote financial and community support to the Hillsborough County Parks, Recreation and Conservation Department, in order to supplement the Department's mission of providing residents with recreational activities. Your donation will help with the maintenance of equipment or purchase new software.

### **HOW CAN I GET MORE DONATION INFORMATION?**

Call the Hillsborough County Parks, Recreation and Conservation Department at (813) 635-3532, or visit our website at:
